Case study

County Council planning applications portal

Client	Period	Contract value
Corran County Council (sample customer)	Mar 2024 to Feb 2025	EUR 640K fixed price

Summary

Delivered a public planning applications web application with map-based search, online submissions and fee payment in 9 months, on a fixed price and one week early.

What we delivered

- Public search with GIS map layers and document viewer
- Online submission with virus scanning and payment through the national payment gateway
- ISO 27001 controls applied to hosting and release

Results

- 41,000 applications searchable at launch
- Online submission share rose from 18% to 72% in the first year
- Passed independent WCAG audit with no critical findings
